Monday night's rain was just right, and did worlds of good, not only in rescuing the crops from the "fury furnace," but also in giving the long-suffering populace much needed relief from an unbroken month of heat. While some crops were already damaged from the protracted drought, none were so worthless as one would be led to believe who listened to public rumor, without first-hand information. Most of the corn fields will now mature corn, though the yield may be somewhat diminished by the prolonged drought. But in the hayfields and meadows will the principal good result, as the splendid downpour is just what was needed to bring the grasses forth with renewed vigor.

## Woman's Civic Club Incorporates

Articles of incorporation and a constitution and by-laws were adopted by the Woman's Civic Club Thursday afternoon of last week, at its regular monthly meeting held in the Public Library. Considering the extreme heat of the last few weeks, the attendance was very gratifying and the meeting was one of the most interesting ever held by the club. The results of the new work accomplished since the last meeting have been extremely encouraging, and the manner in which the merchants and residents have responded to the Club's call for aid in improving the sanitary conditions of the town is greatly appreciated.

The Civic Club was asked to see that all the waste paper and other refuse on the sidewalks and in the streets was collected and the sidewalks kept free from all waste. The importance of the request is realized, but to do this it would be necessary for the club to hire a man for this special work. It was decided that if attention of the business men and housekeepers was called to this matter, they would take a pride in keeping their property free from any waste that detracts from its appearance. It would mean so little to each one and so much to the city. In this way the club will be able to use its money for carrying on other work which is considered very important, and which would be left undone but for the club.

The Civic Club extended a vote of thanks to The Times and The News for their kindness in so liberally printing reports of the meetings and various notices.

Warren, who died October 13, 1913, and was a woman of most excellent Christian character and beloved by her neighbors and friends. She was 58 years and 18 days of age at the time of her sudden death.

Mrs. Warren leaves eight children to mourn the loss of a devoted and loving mother. They are B. R. Warren of Farmington, John A. of near Fredericktown, Bertha (Mrs. Eli Janis) of Festus, A. L.
